OBJECTIVE

Self-motivated and ambitious Bachelor of Computer Applications (BCA) student in the 4th semester, with a strong interest in programming languages such as Python, C, MySQL and Java, with hands-on experience in developing Unit Converter And Calculator using the Java. Passionate about learning new technologies and applying them to real-world challenges to deliver innovative solutions.

SKILLS AND INTERESTS

Programming Languages	C, Java, python
Database	SQL
Soft Skills	Critical thinking, Data-driven decision making, Project ownership

EDUCATION

Bachelor of Computer Applications (BCA)
Aliah University | 2023 – Present (4th Semester)

PROJECTS

- **Calculator Application** (Java):
 - Developed a feature-rich calculator with functionalities for basic arithmetic operations, ensuring efficient and accurate calculations through a user-friendly interface.
- **Unit Converter Tool** (Java):
 - Designed and implemented a unit converter capable of converting measurements across multiple categories (e.g., length, weight, temperature) with high precision and scalability.
- **Voice Changer Application** (Java):
 - Created an interactive voice changer app using Java, enabling users to modify their voice with various audio effects, enhancing real-time voice transformation capabilities.

HOBBIES AND INTEREST

- Coding and exploring new technologies
- Video Game
- Cricket
